Summer Performances

Please remember that when you signed up to be on a competition team you also committed to summer performances. **It is part of your contract** and each parent and clogger signed one.

You've all worked VERY hard and have accomplished amazing things at competition. This is your chance to show off!

Many of you will be heading off to college or going on family vacations, but PLEASE make your best effort to be at these performances. If you absolutely CANNOT make it, contact me right away and let me know. Floating the river because it's a hot day or "I didn't feel like it" are NOT acceptable excuses!
